What do we do well as a school?

- Everything
- Bring everyone together
- Fun learning experiences, supportive and approachable staff, great initiatives for children to be at school and punctual. Excellent communication with parents.
- Brilliant, happy and safe environment
- All of the teachers go out of their way to make sure every child is happy in school.

- Pupils are always top priority. School will go above and beyond for their pupils and parents. They give every child a chance regardless if they have a disability they are all treat the same and will give kids the best chance to stay in a mainstream school. I myself have a child diagnosed with autism in school as well as two older children and I couldn't wish for a better school

for them. I absolutely love this school and all the teachers, classroom assistants, office staff, each and every one of them are simply amazing

- Your communication is second to none, the Thrive and commitment you show in trying to make the school the very best it can be for the kids and the community is amazing and should be used as an example to work towards to all the other schools surrounding this area so all the kids get the very same chances opportunity's education care and attention as the ones in your school.
- Put children first good environment put all there education and needs first make it fun as possible for children to learn good communication from the school and help if we have any problems
- Each and every one of the staff always put 110% into everything yous do. Amazing with all the children with and without needs. Cannot fault the school at all. Best thing I ever done is bring my children to this school and it's all down to Mr h and the rest for changing the school for the better. For believing in children that didn't believe in them self for example my son he wouldn't be where he is if it wasn't for yous.
- Support children with special needs

- This has been the first school I've ever been to with my children that all the school staff most definitely 100% have the children's interest at heart and go the extra mile to make it an amazing learning space for all children and also do amazing for the children that need extra help and need more from

the school which other school would see as too much yous just overcome it and help so much I for one am very grateful for all the help my little boy gets from yous even reception staff are always very helpful ... keep up the hard work and not just that all the extras yous have done to make it look as good as it works ☺ sorry babbling but I can say your school would defo win a award for how great it is.

- Everything! I couldn't fault Lemington Riverside!
